4. I am unable to work because of my disability.
5. I suffer from Cirrhosis of the liver & VC.
6. I was arrested in December 2011 and started probation at P.C.C.
7. I informed P.C.C. that I was unable to pay the costs, fines, & fees.

8. P.C.C. repeatedly threatened me that they would violate me and I would go to jail if I couldn't pay.

9. P.C.C. never told me that I could get my costs reduced or waived due to my disability making me unable to pay.

10. I have feared going to jail for failure to pay, which has added further stress to my life for fear that I would be jailed without access to my medication.

11. I have been informed that there is a warrant out for my arrest for violation of probation with a \$10,000 bond.

I, Steven Gibbs, am a 61 year old  
of Murfreesboro.

I have lived in Murfreesboro for 35 years.

I am indigent and require disability to  
meet the basic necessities of life.

Because of my disability I am unable to work.

I was arrested in 2014 for driving on a suspended  
license.

Because I could not pay the car costs I was  
put on probation with PCC.

I informed PCC that I was unable to pay all  
of the fees & costs because I depend on my disability  
income to survive.

PCC never offer me any way to reduce the fees.

I asked my P.O. if there was a way to have  
my fees reduced and she told me I could only  
get a term to waive or reduce my costs if I brought  
in a payment.

I was unable to make that payment.

PCC has repeatedly threatened to violate me & put me in jail for non payment.

I am afraid that I will go to jail and lose everything I have.

I have been informed that there is a warrant out for my arrest for violation of probation with a bond.

I am unable to pay any bond as I struggle to survive currently.

I do not have a bank account.

I do not own anything of any significant value.

I declare under penalty of perjury that the foregoing is true & correct.
